Updated Website for E.E. Knight coming soon!

E.E. Knight staff has been working hard to update our website, share information, and give more access to our school for parents. We have made a few changes, and some of the areas are not fully functioning, but we feel it still provides more access to our information. The website will be available through the O.E homepage and click on E.E. Knight. Click announcements and you'll be directed to our new site. You can also type in the following address:

This website will offer more pictures, more information, and have links available for quick communication with our staff and PTG. We are still in the process of uploading pictures so please be patient. It should be fully operational and updated no later than March 1, 2012.
